# Villa Hermosa Car Show Sunday June 16

Our Father's Day Model A Ford event was held the morning of June 16th at Villa Hermosa. Once again, we displayed an assortment of model A's, a model A Fire Truck, a few Model T's, a '37 Hudson, three 60's-era Mustangs and one early VW Bug.

They offered us a fabulous breakfast of eggs, bacon, sausage, pancakes, fruit, and all kinds of juices and coffee. It was at least 100°. Most of the members were outside talking about their vehicles or back inside the lobby cooling off.

Mark your calendars, as they want us back next year. Thank you to all who came out to support our club.

Submitted by  
Ray Feierstein 😊👍

# Mount Lemmon Fourth of July Parade and Picnic

We all had a lot of fun and good eats. We met at Mickey D's on Catalina Highway at 10:00 AM, leaving at 10:30 for a parade line up at 11:30 on Ski Run Road. The Parade started around 12:00, after which we moved directly to the picnic area at Rose Canyon.

After Shorty got there with the charcoal and fire starter, Richard cooked hamburgers and Tom cooked hot dogs. What else would you eat on the 4th of July?

We had 7 cars in the parade: 4 Model A's, 1 Model B, and 2 Model T's, a pretty good showing. We had a couple of club members who had a bit of Model A trouble but made it to the picnic in their modern cars.

Good fun had by all!

# MAFCA 2019 National Tour Canyonlands

Scheduled for Oct 6–10 in Kanab, UT. A quick run-down of Tour fees: 1st Person \$125, 2nd Person \$60, Total (couple) \$185.

This includes the Welcome & Information Dinner Party, as well as lunch and local entertainment midweek. Farewell Dinner: \$25/person. Trailer Parking: \$10.

As of late April, the approximate number of tour registrations was 250. One "registration" usually means two people and one Model A. The Tucson A's account for at least 10 of those registrations.

This is a spoke & hub event where we spend each night in Kanab (hub) and visit area National Parks during the day. The Parks are: Zion (80 miles roundtrip), Bryce Canyon (150 miles roundtrip), and the North Rim of the Grand Canyon (200 miles roundtrip). The trip from Tucson to Kanab is 462 miles one way.

Lots of information on the event's website:

<https://modelafordclub.wixsite.com/2019canyonlandstour>

and in the January/February *Restorer* magazine.

If you don't have an internet connection and wish to have hotel info, contact me and I'll snail mail current hotel info to you.

# Jim's Tech Tip

## Installing the Horn Rod

When installing the small C-clip on the end of the horn rod, use an old wooden yardstick or something similar up at the steering wheel end to hold the horn button down. Slip the yardstick under the wheel on one side, go over the horn button, then gently flex the yardstick and slip the end under the steering wheel on the opposite side. The yardstick will hold the rod down while you work at the other end, pushing up on the spider against the spring, and inserting the C-clip keeper.
